Re: Notice of Intent for in ground Pool Construction at 43 G. Washington Blvd.,
(Map 42, Parcel 43), Hingham, Massachusetts

Dear Ms. Loni Fournier and Commission Members,

Enclosed please find two (2) copies of a Notice of Intent (WPA Form3) and accompanying plan, submitted on behalf of John & Sarah Kadzielski, for activities at 43 George Washington Boulevard, Hingham, Massachusetts. The proposed activities consist of the construction of an in ground pool, spa, rock & ledge removal, grading and ground restoration associated with the site work for an existing single family dwelling. The activities described above are within the 100 ft. buffer zone of Sanctuary Pond which is located at the back of property and as shown on plan. As required under the Town of Hingham Wetland Protection By-Law, no structures are proposed within the 50 feet undisturbed buffer.

Please contact me at (781) 383-1026 and/or email raytehranian@gmail.com with any questions. Thank you for your review of this project.

Sincerely,

Raymond Tehranian, P.E.
