Subject: New Shed for 6 Quincy Ave. Narrative

The following is a Conservation application and supplemental materials for a shed.

The shed will be 10' x16' resting on 4x6 skids on top of 3" of stone. The closets point to the wetlands is 75' as measured in the field to the closest marker as marked by Environmental Consulting & Restoration, LLC on 8/4/2020. I have submitted a separate building application through the building departments website for their approval.

Conservation checklist materials have been sent electronically. Check for Wetlands protection bylaw fee has been sent by mail.

Thank you for your consideration,

Kevin Rowe
